# *Mikvah*

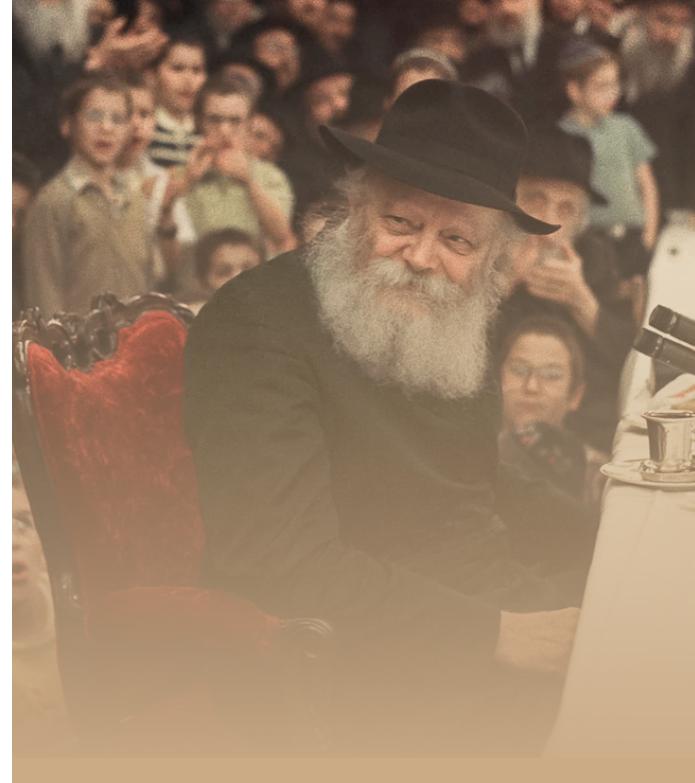

CAPITAL CAMPAIGN

# In the Rebbe's Words:

Let us imagine that G-d were to give you the opportunity to save a Jewish community from extinction (G-d forbid), you would certainly be willing to risk your life for this and you would thank and praise Him for His great kindness in offering you an opportunity of such enormous merit. The same then holds true to an even greater degree with regard to the campaign for taharas hamishpacha; it is an endeavor which literally saves lives.

*Hayom Yom 10 Nissan*

# Kingston's Remarkable Growth

Over the past decade, our community has experienced incredible expansion, with more families choosing Kingston as their home each year.

This thriving growth brings an increasing demand for a larger, more modern mikvah—one that can truly serve the needs of our vibrant community.

A Growing Community  
Kingston, PA is home to 300+ young families, with more arriving every month.

### An Urgent Need

The current mikvah was built decades ago and can no longer meet the community's needs.  
Many families are forced to travel two hours just to use a proper mikvah.

### The Project

Thanks to a major grant from Mikvah USA, only \$2M remains.  
\$1M has already been raised—mostly by young families living paycheck to paycheck.

### Your Partnership Matters

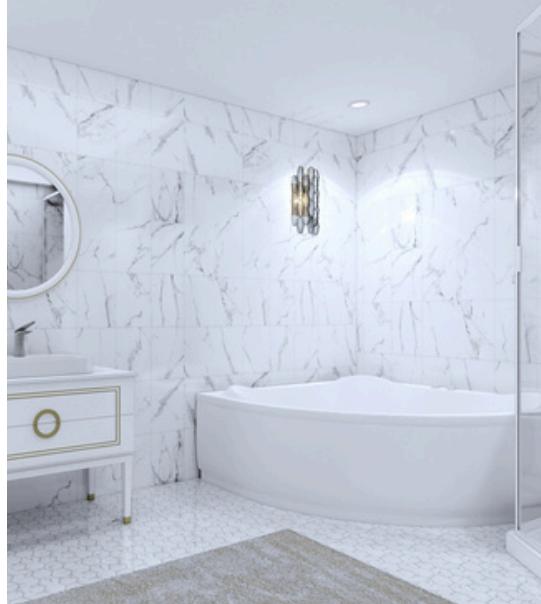

Help make this essential project a reality for the families of Kingston.

Mikvah

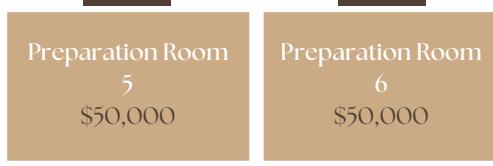

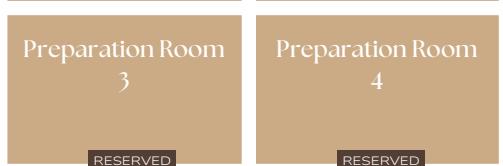

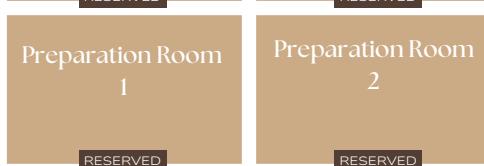

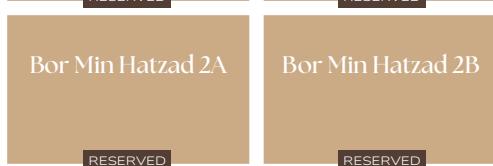

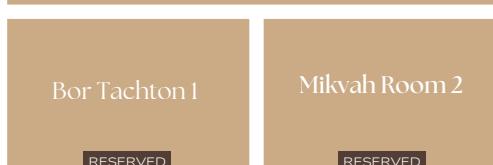

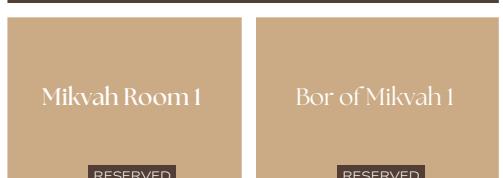

## Boros

The new mikvah will feature two state-of-the-art boros, constructed with the highest standards of hiddur.

One of the boros will be wheelchair accessible, to meet any need that may arise.
